

The CareMP2 Program

Offer* for doctors and specialists who wish to complete specialist training in Germany or have existing specialist training recognized.

The CareMP2 Program provides a comprehensive, all-in-one solution for international doctors and specialists aiming to integrate into the German healthcare system. Our structured approach covers every critical step of your professional journey:

- **Language Proficiency:** Flexible online modules from level A1 to B2, combining 24/7 platform access with personalized small-group conversation training.
- **Medical Specialization:** Intensive preparation for the Specialist Language Examination (FSP) through realistic exam simulations and C1-level medical training.
- **Administrative Excellence:** Individualized support throughout the entire medical license recognition process, including document review and authority communication.
- **Career & Integration:** Exclusive, free job placement for our clients in sought-after medical fields, paired with relocation support for a seamless transition into German life.

1. Aim of the CareMP2 - Program

CareMP2 supports international physicians and specialists in integrating into the German-speaking labor market. The program includes:

- Acquisition of German language skills up to level B2 and medical C1 level.
- Structured implementation of the recognition procedure for medical licenses in Germany.
- Placement in a suitable position as an assistant doctor or specialist in a German hospital.
- Everyday support for successful private and professional integration.

2. Program Flow and Modules

2.1. Language Course (A1 to B2) - Medical Integration from Day One

The CareMP2 Program is a specialized pathway designed for international physicians and specialists seeking to establish their medical careers in Germany. Our curriculum is uniquely structured to ensure professional relevance at every stage of your journey:

- **Medically-Tailored Language Training (A1–B2):** Unlike standard programs, CareMP2 integrates medical terminology and clinical environments into your studies starting at the A1 level. Every language level includes specialized practice units

specifically designed for doctors to prepare you for the German healthcare workplace from your very first lesson.

- **Comprehensive Digital Learning:** Gain 24/7 access to our Moodle platform, featuring structured grammar, vocabulary, and 24 progress tests per level (A1–B1) to track your advancement. **Use of our platform is free of charge for registered users.** To register, please follow this link: [Registration link](#)
- **Small-Group Speaking Practice:** Every level includes 8 online conversation hours with a maximum of three participants, ensuring personalized attention and focused professional communication.
- **Expert FSP Preparation (C1 Medicine):** Transition into intensive training for the Specialist Language Examination (FSP) with 10 individual simulations of doctor-patient communication and medical documentation.

This module combines flexible self-study via our Moodle platform with personalized speaking practice.

- **Platform:** Use of **moodle-caremp2.com** for 24/7 access to grammar, vocabulary, and comprehension modules.
- **Content:** 24 progress tests per level (A1–B1) and focused B2 exam preparation for telc or Goethe certificates.
- **Conversation Training:** Each language level includes **8 online conversation hours** with a language teacher, conducted in small groups of **maximum 3 participants**.
- **Price:** **€250 per language module** (A1, A2, B1, or B2).

If you're not sure what your language level is, we'll give you a free placement test. You can book your appointment here: <https://calendly.com/caremp2/>

2.3. Consultation and Support during the Recognition Process

CareMP2 - Recognition accompanies you through the entire administrative process reliably and individually.

- **Services:** Selection of the federal state, document review, communication with authorities, and submitting applications and correspondence by post with the relevant authority. Clarification of the authority's jurisdiction through work shadowing or by applying in the chosen federal state.
- **Booking Requirement:** This module costs €350 and can **only be booked in combination** with the FSP preparation course (Module 2.2).
- **Total Bundle Price (2.2 + 2.3): €950.**

2.4. Job Placement for Doctors and Specialists

We offer exclusive job placement for our clients in various medical fields.

- **Sought-after Specializations:** Internal Medicine (Cardiology, Gastroenterology, Oncology etc.), General Medicine, Anesthesiology, Surgery, Neurology, Psychiatry, Gynecology, and Pediatrics.
- **Cost: Free of charge**
- **Condition:** This service is free provided the client has not already applied to the respective institutions independently.
- **Support:** Includes help with interviews, job shadowing, and employment contracts.

2.5. Everyday Integration

- **Relocation Helpdesk:** Support via messenger for apartment searches, kindergartens, bank accounts, and other administrative tasks.
- **Personal Support:** Assistance during the beginning of employment and the probationary period.

3. Summary of Fees
